

Model: PC3000 & PC4000 Serial #: N/A	Mar. 6, 2020
Product Bulletin # PC-044 v 1.0	

Catwalk Carrier Winch Gear Oil Fill Capacity

This bulletin only concerns Catwalk models with Carrier Winch part number: M10529.

PC3000 and PC4000 Oil Capacity

The purpose of this bulletin is to deem acceptable to fill PC3000 and PC4000 Carrier Winches with 11 ± 1.0 US gallons. Oil capacity specification stated from winch manufacturer is an estimation of the fill capacity. Ensure that filling procedure is followed per Canrig Product Manual.

Frequency of oil changes should be determined from use of carrier winch as indicated on Table 1 below.

Table 1: Carrier Winch Gear Oil Change Requirements

Frequency of Use	Hrs./Mo. Based on Average Use Over 3-mo. Period	Oil Change Requirements
Infrequent	<10 hours	Annually (every 12 months)
Moderate	10 to 50 hours	Annually (every 12 months)
Heavy	50 to 200 hours	Semi-annually (every 6 months)
Severe	Operated at loads over 75% of rated load for more than 75% of lifts and/or over 200 hours per month.	Quarterly (every 3 months)
